## BOARD OF ALDERMEN

### OF JERSEY CITY.

1872-3.

Pursuant to the provisions of the city charter the Board of Aldermen of Jersey City met at the Aldermanic Chamber, in the City Hall, on Tuesday, May 7, 1872, the first Tuesday after the first Monday in May, at 7½ o'clock in the evening.

The Board was called to order by the city clerk. The roll was called, and the following named Aldermen answered to their names and took their seats:

Whereupon Alderman Bumsted having received

the requisite number of votes, was declared elect-  
ed President of the Board of Aldermen.

Aldermen Young and Mandeville were appointed  
a committee to conduct the President to the chair.

The committee performed their duty.  
The President pro tempore in vacating the chair

briefly addressed the President in congratulation  
of his election.

The President then addressed the board as fol-  
lows:

GENTLEMEN—Having been chosen to preside  
over your deliberations for the coming year,  
I thank you for the honor conferred and for the  
confidence reposed in me. To say that I feel  
honored by this manifestation of esteem on your  
part, is but a feeble expression of mine to convey  
to your minds the deep sense of obligation that  
I feel in being elected to the position coming as  
it does unsought and unasked for on my part.

Though somewhat inexperienced in matters ap-  
pertaining to legislative bodies, I shall endeavor  
to perform the duties devolving on me with justice  
and impartiality; feeling that a consciousness of  
having acted right is the best reward to be reaped  
here on earth. Therefore, should I err in my de-  
cisions you may rest assured they are errors of  
of the head and not of the heart.

The powers and duties of this Board are com-  
paratively speaking, light yet are they not unim-  
portant.

Many of us had hoped, and I believe that a large  
majority of the best citizens of both political  
parties of Jersey City had also hoped that the  
amendment to the charter embodied in bill known  
as Assembly No. 175, passed at the last session of  
the Legislature, would have received the official  
sanction of his Excellency, the Governor of this  
State. The provisions of this bill conferred many  
additional and important powers on this board, to  
whom, in my opinion, in no better hands could  
they be entrusted. But wise counsels have not  
prevailed, and it has not pleased his Excellency  
to sign the bill; therefore, let us perform the work  
that is required of us with honesty of purpose, and  
with all the understanding and ability that we  
possess, so that at the end of our official terms of  
office we may receive, like our predecessors, the  
well merited thanks of the whole people, as well  
as of our respective constituencies.

The following resolution was offered by Alder-  
man Smith:

Resolved, That the rules and orders of the late  
board be adopted for the government of the present

returned accompanied by his Honor the Mayor,  
who addressed the board congratulating the  
members on their speedy organization, and stating  
that he did not deem it necessary to present any  
message at the present time, the different boards  
of the city government having recently presented  
to the Board of Aldermen in compliance with the  
city charter, their annual reports giving detailed

statements of municipal affairs, but would be pleased at all times to communicate by message any recommendation necessary to promote the interests of the city.

MAYOR'S OFFICE, CITY HALL, }  
JERSEY CITY, May 6, 1872. }

To the Honorable Board of Aldermen of Jersey City.

GENTLEMEN: I herewith return, without my signature, the following resolution, passed April 30th, 1872:

Resolved, That the petition of Peter Semler and others, to have filed the ditch between Webster and New York avenues, from ferry to Griffith street, be referred to the committee on streets with power.

I cannot consistently favor a resolution where a sum of money is to be expended, unless there is a limit to the amount that would be necessary for such an improvement.

I am under the impression that the filing referred to in the resolution is like all other street improvements, and should be attended to by the Board of Public Works.

Very respectfully, yours, &c.,

CHAS. H. O'NEILL, Mayor.

On motion of Alderman Tilden, the consideration of the communication was postponed for one week.

(Alderman Stier appeared and took his seat.)

An opinion from Jonathan Dixon, city attorney, in answer to resolution adopted April 30, 1872, as to the right of control the city may possess in West Newark avenue, and what validity now exists in reservation of deed ceding said avenue or turnpike to the Mayor and Common Council of the former city Hudson, and dated May 1, 1868, was presented.

Setting forth that, upon well settled principles of law, the Turnpike Company (with the consent of the Railroad Company) must be held to have intended by their deed to the city of Hudson, dated May 1, 1868, to give the consent mentioned in the act of March 23, 1856, and that by force of that deed and the statute relating thereto, the city authorities have the same right, power, and authority in and over that portion of Newark avenue which lay within the limits of old Hudson City, which they have in and over any other street, to be exercised in the same manner and to the same extent.

The opinion was received and ordered filed.

#### OFFICERS' COMMUNICATIONS.

The city clerk laid before the board the following communication from his Honor the Mayor filed in the city clerk's office, on the 18th inst., and the same was read, received, and ordered to be entered at large on the journal of proceedings:

MAYOR'S OFFICE, CITY HALL, }  
JERSEY CITY, June 18, 1872. }

To the Honorable Board of Aldermen of Jersey City: Gentlemen: I return the following resolution unsigned:

Resolved, That a special committee of three be appointed to make arrangements for the celebration of the ninety-sixth anniversary of our national inde-

pendence, and that the sum of three thousand five hundred dollars be appropriated for that purpose. I have this day returned a similar resolution to the Board of Public Works, for the reason that the Legislature of 1871 has failed to authorize any branch of the city government to expend money for the purpose named.

Should the resolution become a law, a sense of duty (as in the case of the resolution ordering the purchase of emblems), would oblige me to withhold my signature from any warrant for the payment of money for the purpose named.

In connection with this matter, I beg leave to answer some objections that have been made touching the consistency of my official acts, in this case, compared with my course in respect to similar resolutions some years ago. In all matters coming before me for my official action I endeavor to do my duty honestly, faithfully and consistently, and in the resolution referred to, I was not only consistent, but my action was legal and strictly in accordance with the city charter, at the date of the passage of such resolution.

I beg leave to call the attention of your honorable body to Section 59 of the charter of 1870. You will there find that the Board of Aldermen have authority to raise by tax, annually, an unlimited amount of money for contingent expenses and all other purposes authorized by the charter.

This provision is of no recent date, as the charters passed for the government of Jersey City for the last twenty years, and up to the date of the present charter, have precisely the same provision.

I therefore trust that this resolution will prove that my official action in the matters referred to have been both consistent and legal.

I am, gentlemen, very respectfully, yours, &c.

CHAS. H. ONEILL, Mayor.

The president pro tem. stated the question to be "shall the resolution now pass, notwithstanding the objections of his Honor the Mayor."

The motion was rejected and the objections were sustained by the following vote, the yeas and nays having been ordered and taken (a two-third vote being required to pass the resolution):

Yeas—Aldermen Smith, Steenken, Stier, Tilden, Wandle, and Young.

An opinion from the city attorney in answer to resolution adopted on the 18th inst., as to the power the mayor may possess to sign warrants for expenses incurred on "Decoration Day," an application for contingent expenses having been inserted in Tax levy, and the mayor having approved of a resolution authorizing the expenditure for purposes of said day was presented, the opinion setting forth "that the 'fact of an appropriation for contingent expenses does not reach the difficulty, and cannot reach an object for which the city has no legal right to make any appropriation. Legitimately a contingent fund is 'designed to meet such expenses as legally happen in the exercise of lawful powers and which are not in fact, but might be in law, covered by a more specified appropriation. In strict law, the mayor is justified in refusing to sign warrants for the expenses of 'Decoration Day.'"

#### OFFICERS' COMMUNICATIONS.

The City Clerk laid before the Board the following communication from His Honor the Mayor, filed in the City Clerk's office August 28, 1872, and the same was read, received and ordered to be entered at large on the journal of proceedings:

MAYOR'S OFFICE, CITY HALL,

JERSEY CITY, August 24, 1872.

To the Honorable Board of Aldermen of Jersey City:

GENTLEMEN—I return the following resolution without my signature:

Resolved, That the Committee Public Buildings of the Board of Public Works be requested to remove the iron post from the Aldermanic Chamber, provided the removal will not interfere with the safety of the building.

I cannot favor the resolution for the reason that I am satisfied that the iron posts referred to are of great service and really necessary in their present position, and in case of their removal the upper floor of the City Hall would be entirely useless as the beams cannot sustain the weight of the floor without support.

Very respectfully, yours, &c.,

CHAS. H. O'NEILL, Mayor.

The President stated the question to be:

That the resolution do now pass notwithstanding the objections of his honor the Mayor.

The motion was rejected and objections sustained by the following vote, the yeas and nays having been ordered and taken:

Yeas—None. Nays—President Bumsted and Aldermen Champney, Ginocchio, Mandeville, McLaughlin, McEhan, Smith, Stier, Tilden, Wandle and Young.

An opinion from Jonathan Dixon, acting for W. A. Lewis, City Attorney, in answer to resolution whether ordinances passed prior to May 1, 1871, and not relating to subject matters named in sec. 24 of city charter are still in force, &c., was presented, setting forth that the question will require considerable labor to determine, and recommending a reference of the matter to the proper committee to act in conjunction with the City Attorney. The opinion was received and ordered filed.

A concurrent resolution, adopted August 27, 1872, by the Board of Public Works, and approved by the Mayor, August 28, 1872, that the cost of building abutments for bridge over the Morris Canal, at Walnut street, should be borne by the city at large, and paid by general tax, accompanied by the written opinion of J. Dixon, attorney, was presented.

On motion of Alderman Smith it was

Resolved, That the resolution adopted by the Board of Public Works, August 27, 1872, and approved by the Mayor August 28, 1872, that the whole expense of building abutments for bridge over the Morris Canal at Walnut street should be borne by the city at large and paid by general tax is hereby concurred in by the Board of Aldermen.

#### REPORTS OF STANDING COMMITTEES.

The Committee on Alms, to whom were referred August 20, 1872, with power to contract with the lowest bidder the three proposals preserved at said date for contracts to furnish three hundred tons of coal for outdoor poor, presented a report thereon, setting forth that they find that the bid of T. B. Smith is lowest, if an allowance is made him, he having presented a bid to furnish per gross ton instead of net weight, 2,000 pounds to the ton, and having made the error through a misunderstanding of the advertisement, they report recommending the adoption of the following resolution:

Resolved, That the contract to furnish and deliver at such times, in such place, and to such persons as the overseer of the poor may in writing direct, and in such quantities as he may order, not exceeding three hundred (300) tons, of Lehigh coal, nut size, in Jersey City, say one hundred and fifty tons in the former city of Jersey City, and seventy-five tons in each of the former cities of Hudson and Bergen, be awarded to Theodore B. Smith, at the prices to wit: Former Jersey City, \$4.82 per ton of 2,000 lbs.; former cities of Hudson and Bergen, \$5 per ton of 2,000 lbs., and that the Mayor and City Clerk be requested to execute the said contract on the part of the city, when drawn by the City Attorney and executed by said Smith, and when said T. V. S. Gregory, ex-Mayor of Jersey City, Hon. G. D. Van Keppen, ex-Mayor of Hudson City, and Hon. S. D. Harrison, ex-Mayor of the city of Bergen, was presented, received and ordered filed.

The City Clerk laid before the Board the following communication from his honor the Mayor, filed in the City Clerk's office on the 10th inst., and the same was read, received and ordered to be entered at large on the journal of proceedings.

#### MAYOR'S OFFICE, CITY HALL,

JERSEY CITY, December 6, 1872.

To the Honorable Board of Aldermen of Jersey City:

Gentlemen—I herewith return with my objections a resolution passed by your honorable body on Tuesday evening last, authorizing the purchase from the State of New Jersey of certain lands under the tide waters of Communipaw Bay, as described in an act of the Legislature, approved April 4, 1872. I have carefully examined the city charter, and have been unable to discover any section of the same wherein your honorable body have authority to purchase land for the purpose named in the resolution. If I am correct in my conclusion this objection alone would prevent the purchase of the property, as I could not legally sign a warrant or bond for the payment of such lands.

Provided that this objection was removed there are, in my opinion, other reasons why this property should not be purchased. The land is all under water and the north side of the basin, which is the nearest point to Grand street, is about four hundred feet south of the Morris canal. In order to make this property available for dock purposes, the space (which is also under water) between the Morris canal and the north side of the proposed basin should be filled to the grade of Grand street, the expense of which would be very heavy, both upon the owners of the shore property, as well as upon the city at large. Before the city authorities could commence filling (or improve) any portion of the proposed basin,

it would be necessary to first compensate the shore owners for the land surrounding the basin. I beg leave to call your attention to a portion of Section third of the Special Act (approved April 4, 1872), which reads as follows: Provided that nothing in this act contained shall prejudice or impair the rights of the shore owners to said lands.

To what extent this provision may affect the property in question I am unable to say, but if I interpret the reading of this section correctly, the city would undoubtedly be at the mercy of the store owners of this land in the event of a purchase. I cannot, therefore, see where the purchase of this property can be of any practical use or benefit to the inhabitants of Jersey City for dock purposes. The people of the city are very much in need of dock facilities, and I will cheerfully approve of any legal measure that will provide public docks for the city, but cannot consistently favor a resolution to purchase lands under water for dock purposes, where there is any question to the title or possession of such, or where, in my judgment, the inhabitants of Jersey City will not receive any benefit from such purchase.

I am, gentlemen, very respectfully yours, &c.,

CHAS. H. O'NEILL, Mayor.

On motion of Alderman Smith the consideration of the communication was postponed.

The resolution was unanimously adopted.

The President then addressed the Board as follows:

Gentlemen: At this the last meeting of this Board, allow me to express my thanks for the courtesies that have at all times been extended towards me as your presiding officer, while acting as such I have endeavored to perform the duties impartially, and in such a manner as to merit the respect of each and every member, and as the larger number of you are about to

retire from these scenes, I am satisfied that we separate with the kindest of feeling towards one another. During the latter part of our term of service, additional responsibilities were vested by the Legislature in this branch of the city government, which I trust has been used wisely, and for the best interests of the city, knowing as we all do the necessity for an economical and judicious management of everything that appertains to the finances of the city, at the present time. The labors that you have been intrusted with, though comparatively speaking light and routine a nature, have all been performed speedily, conscientiously, and with a view to the eight, and I think to the satisfaction of the citizens at large.

In conclusion, gentlemen, allow me once more to thank you for the harmony and good feeling that has characterized our proceedings during the past year, and to hope that those who are about to succeed us will have the same cause for congratulation at the end of their official term.

By Alderman McLaughlin, and unanimously adopted:
